

THOUGHT LEADERS FORUM ON PENSION

3RD JULY | MESTIL
2025 | HOTEL

THEME

Demystifying the Insurer's Role in Growing the Pension Sector.

OBJECTIVES

Role of Insurers

To clarify the specific functions, advantages, and contributions of insurance companies in pension systems and how they can contribute to the development, administration, and expansion of pension systems, enhancing retirement security and promoting financial inclusion.

Knowledge Sharing

Foster collaboration and knowledge exchange among insurance and pension providers and other stakeholders to discuss emerging trends and best practices.

Promotion of Pension Awareness

Offer professional development and to promote broader understanding and strategic engagement among regulators, employers, and individuals in the Pension sector.

TARGET AUDIENCE

Industry Professionals

Executives and managers from insurance companies, pension providers and related auxiliary service providers.

Government and Regulatory Authorities

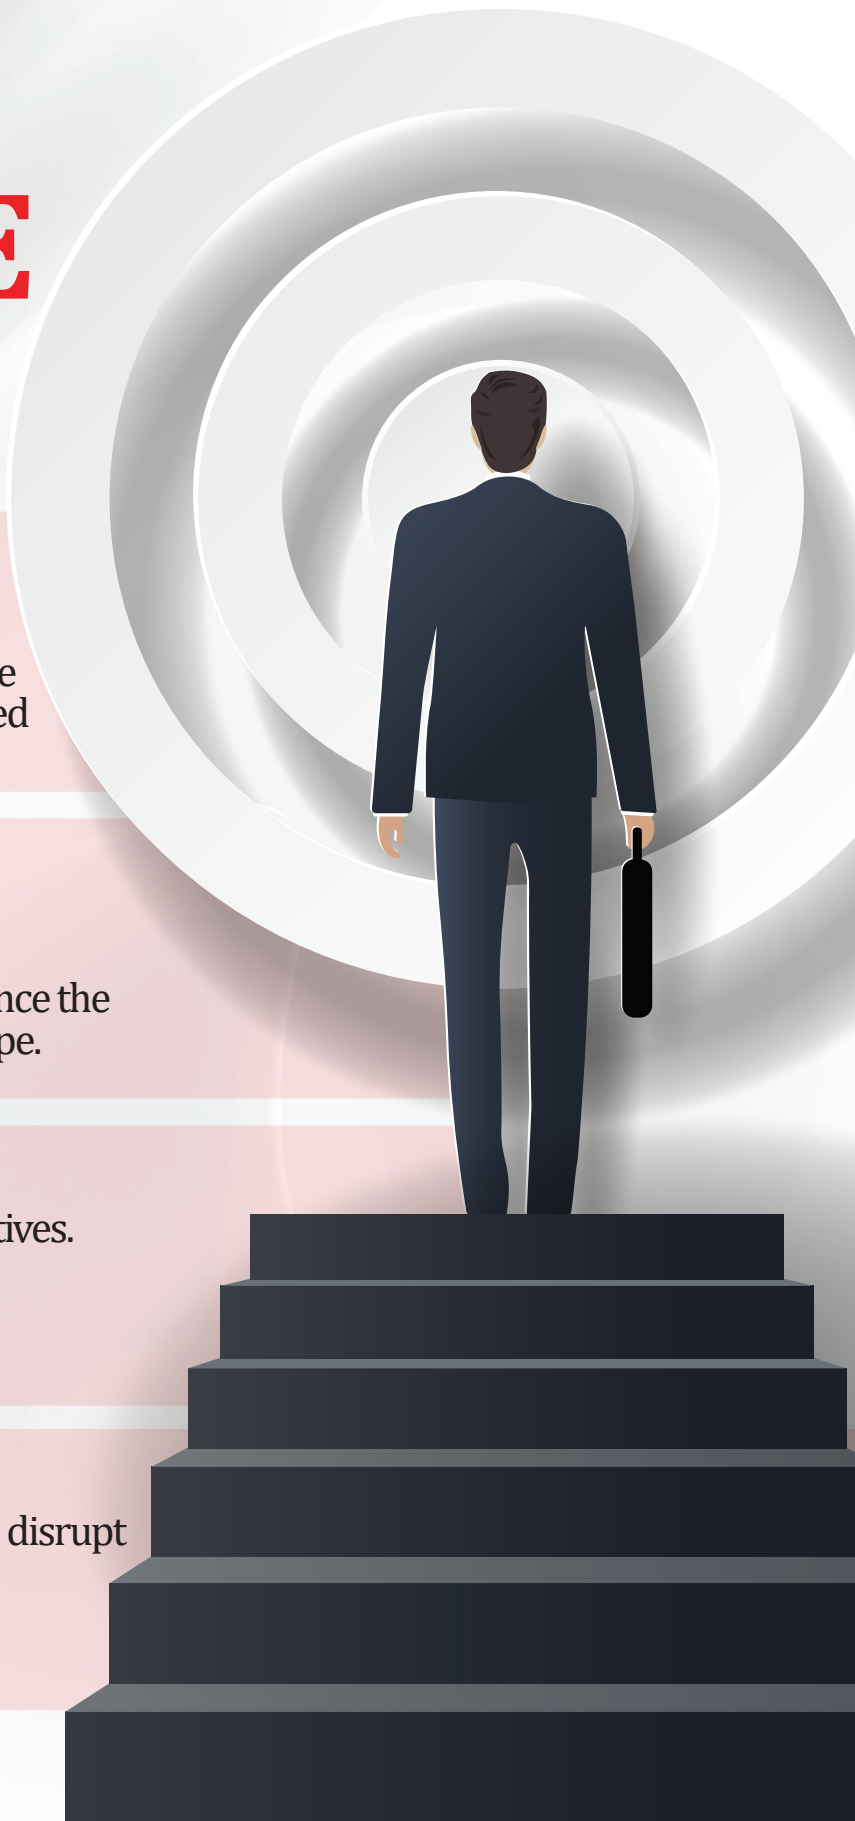

Policymakers and regulators who influence the insurance and pension industry landscape.

Employee Representatives

Trustees, HR's and company representatives. Other representatives with a worker's collective voice.

Entrepreneurs & Start-ups

Individuals exploring innovative ways to disrupt the financial industry.

KEY TOPICS

The Role of Insurers in the Pension Sector

Inside the proposed Uganda's Public Service Pension Scheme

Creating and enabling Environment: The legal regime of Pension in the Uganda

Leveraging on Technology to advance uptake.
